REPORT OF THE SWANZEY SCHOOL LUNCH PROGRAM

The year 1953 has been a successful one for our lunch program both financially and in benefits derived by the boys and girls.

Because of an increase in enrollments in both schools in September, it was necessary to purchase some additional equipment. In addition, a bench type, twenty quart mixer was added to the facilities at Cutler School.

During the 1952-53 school year, 39,725 Type "A" lunches were served to the children and teachers in both schools. Participation at Cutler School is approximately 50% of the enrollment and at the Center it is a little less than 90%. The difference is due largely to the fact that more children are transported to the new school and are unable to go home for warm lunches at noon.

Mrs. Cecil Plummer, assisted by Mrs. Ruth Pratt, prepares and serves the lunches at Cutler. Due to illness it was necessary for Mrs. Jennie Talbot to resign during the year. Mrs. Mildred Willard was assisted during the spring months by Mrs. Edna Stone. Mrs. Bessie Kneeland joined Mrs. Willard in September as our second cook. We are deeply indebted to these ladies for their fine work and sincere interest in our program.

To those who have helped as volunteers and to those who have given vegetables and other food, we wish to express our appreciation.

Our lunch price has been maintained at twenty-five cents per meal. The United States Department of Agriculture is at present reimbursing our program at the rate of five cents

per meal. The USDA has also supplied us with many surplus commodities which have greatly aided us in providing better lunches.

We wish to say "Thank you" for your help and support and to extend an invitation to you to visit our lunchrooms at your convenience.

The following is a financial report for the period from August 24, 1952 when the programs were consolidated to June 30, 1953.

CARROLL K. DUNHAM,
Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzev:

I have the honor to submit my seventh annual report.

Teachers: Mrs. Eileen D. Guilbeault was elected to the second grade position at the Cutler School, replacing Mrs. Stella C. Kiritsy who resigned to accept a similar position in Keene. Mrs. Guilbeault is a graduate of Keene Teachers College.

Mr. Edward A. Fairbanks was elected teacher of grade seven at the new school. Due to a large enrollment in grade one, an additional teacher, Mrs. Barbara S. Oles, was elected to teach one division of that grade at the new school. Both Mr. Fairbanks and Mrs. Oles are graduates of Keene Teachers College.

Mr. Carroll K. Dunham, supervising principal of both schools, is to be commended for his excellent work. A modern elementary school is a far cry from the one and two room structures previously used. The hot lunch program alone takes considerable time on the part of the administrator. The two hot lunch programs in Swanzev did a business of approximately \$12,000 last year. A detailed account is furnished in Mr. Dunham's report. It is interesting to note that Supervisory Union No. 25, of which Swanzev School District is a part, had expenditures of \$36,388.35 in all six hot lunch programs in the towns of Hinsdale, Swanzev and Winchester. Out of the forty-eight school unions, our union was eighth from the top in the amount of business transacted. When one notes that as the writer first took office, there was one small program in existence in Winchester one can realize the tremendous growth in this one phase of the educational picture alone.

Supervision and administration of the high caliber shown by Mr. Dunham is needed for efficiency in a modern school

setting. The following notice of a vacancy for this school year appeared in another section of our state. "Supervising principalship (elementary), 15 teachers, Grades I-VII, 3 or 4 buildings. Requires initiative and leadership in such activities as pupil accounting, attendance, requisition and supply, substitutes, physical education, conservation, outdoor education, integrating the audiovisual program, practical arts, testing, pupil guidance, coordinating the program between rooms of the same grade and between successive grades, liaison with high school, field trips, safety programs, home visitation, cooperation with school health program, and curriculum development in general, teacher meetings and other in-service training features, as developed in conjunction with the general supervisory and administrative program of the superintendent, subject to the policy-making and legislative actions of the school board, utilizing the resources of the community, state department, and professional organizations. If interested contact the undersigned, giving an outline of your training and experience, qualifications for a credential, interests and abilities, and salary required."

It is significant that in other sections of New Hampshire also, the supervising principalship is considered a necessary position in our schools of today.

In both the Center and Cutler Schools, the 1953-54 and future enrollments in the above tables are greater than those estimated in last year's report. This indicates a growth in Swanzey's population. New families are moving into town. This trend, if continued, coupled with the increased birth rate, will increase class size in all grades in the years ahead.

High school tuition is becoming an ever enlarging part of the school budget. Next year the tuition rate at Keene High School will be \$304 per pupil. After allowing for drop-outs, the Swanzey School Board has estimated that there will be 162 pupils in Keene High School next year. This means.

a tuition item in the budget in the amount of \$49,248. A serious study of Swanzey's school structure should be made to see if economies could be effected by other arrangements. Hasty decisions, however, should be avoided because some steps once taken cannot be retracted.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the Swanzey P. T. A., the School Board, the School Building Committee and to the patrons of our schools for their cooperation.

Respectfully submitted,
CHESTER C. LEES,
Superintendent of Schools
